

Sponsor/Exhibitor Information

Organizations are invited to attend as a sponsor/exhibitor at the 19th European Conference on Thermoelectrics (ECT 2023), September 17th to September 21st 2023. The conference will be held in OREA Hotel Pyramida in Prague. Come meet with professionals in the thermoelectrics and materials research field and share with them your product or service.

A limited number of exhibition places available. Sign up early to secure your space.

We offer **two packages** to sponsors/exhibitors (which reflect the bipolar world of **thermoelectricians**), **but these can be customized/negotiated to suit the needs of the sponsor/exhibitor**. Sponsors can also opt for specific sponsorship opportunities such as sponsoring a welcome reception, lunch/coffee breaks, having banner display and more.

For more information, please contact us at thermoelectric-conference.eu or by e-mail at cestmir.drasar@upce.cz.

“Thermoelectric” fees for exhibition space

“Hot sponsor/exhibitor”

By June 17th, 2023: EUR 1660
